

Bids - Wanted

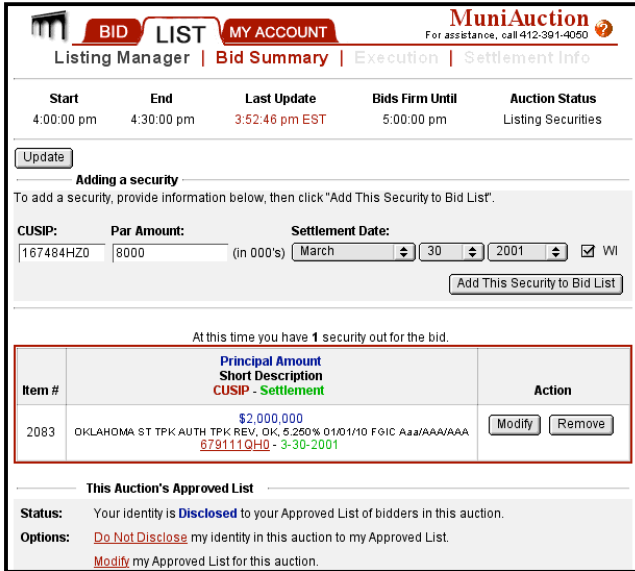

The Grant Street Group's Bids-Wanted web site has been used by dealers and institutional investors to solicit and submit bids for municipal bonds and notes.

Traders can use the platform to submit bids/make offers for any security that has a CUSIP.

It works well for secondary trading of other securities as well. Sellers can restrict bidding to pre-approved buyers and choose either anonymity or name give-up.

Entering CUSIP automatically generates full description of security for sale, which is accessible to prospective buyers.

Calculate/Update Submit Bids

Seller may elect to accept, reject or negotiate high bids.

Bidding for less than all of a single listed CUSIP is also possible at seller's discretion.

Electronic tickets are generated automatically from pre-recorded CUSIP, buyer and seller information.
